Mental Health First Aid (MHFA) Training

Lifetimes will be delivering **FREE Mental Health First Aid (MHFA) Training** in November and December. **If you would like to come along, please see below for dates and booking information – booking is essential via Eventbrite.**

What is MHFA?

Mental Health First Aid (MHFA) is an educational course which teaches people how to identify, understand and help a person who may be developing a mental health problem. In the same way as we learn physical first aid, mental health first aid teaches you how to recognise those crucial warning signs of mental ill health.

MHFA training is an intensive 12 hour course delivered over a series of 2 sessions. The course is aimed at those without specialist mental health training who might encounter mental health issues in the course of their work, volunteering or within their family and friends network.

Booking is essential via eventbrite – please see below for dates and booking information.

What will I learn on an MHFA course?

The MHFA course will teach you to:

- Spot the early warning signs of a mental health problem
- Feel confident helping someone experiencing a problem
- Provide help on a first aid basis
- Help prevent someone from hurting themselves or others
- Help stop a mental illness from getting worse

- Help someone recover faster
- Guide someone towards the right support
- Reduce the stigma of mental health problems
