Comic Relief Local Communities - Grant Guidelines 2015/17

Aims of the Programme

There are still many communities in the UK that suffer from economic and social deprivation and the current economic climate may make this situation worse. For this reason, Comic Relief has decided that £4.5 million should be available to fund projects across the UK which are addressing these issues through a third phase of the 'Local Communities' programme. Comic Relief is pleased to be working with the UK Community Foundations (UKCF) and Community Foundations across the UK, to deliver this Local Communities Programme.

The London Community Foundation is one of the delivery partners and will be delivering the programme across 29 London boroughs. We cannot accept applications from the following Boroughs: City of London, Hackney, Newham and Tower Hamlets.

The Local Communities Programme will run for 18 months and during this time, grants of between £1,000 and £10,000 will be available.

The programme aims to empower local people, enabling them to create lasting change in their communities. Projects should be run by people directly affected by the issues they are dealing with and priority will be given to small, locally based groups and organisations in areas of disadvantage that have a clear understanding of the needs of their community.

Themes

Under the programme, organisations can apply for funding to:

1. Improve people's life skills, education, employability and enterprise
2. Maximise people's ability to strengthen community cohesion and build social capacity
3. Promote reduction of isolation and disadvantage and access to services
4. Advance people's physical and mental health, wellbeing and safety

There will be a different theme under which you can apply in each round.

Organisations which have received a Community Cash grant or any other grant from a Community Foundation **can** apply for a Local Communities grant. However, organisations which hold a grant directly from Comic Relief **cannot** apply for a Local Communities grant. A Local Communities grant must be **at least 30%** of the total cost of the project.

Please ensure that your project activity begins no earlier than the 10 weeks after the grant deadline; you will then have 12 months to spend your grant, if you are awarded.

Living Wage

Comic Relief became a Living Wage Friendly Funder back in June 2015 and we are working with them to run a special pilot through this round of the Local Communities initiative. Comic Relief has signed up to the scheme in recognition and support of the commitment and hard work that workers in our sector undertake. The hope is that eventually all funders will sign up to the scheme and together we can work towards ending low pay in the community and voluntary sector in the UK.

As you know the London Community Foundation UK Community Foundations manage the Local Communities initiative on behalf of Comic Relief and for this round we will be piloting the Living Wage Friendly Funder scheme.

What does this mean for applicants?

If you are applying for funding any staff costs (this could include existing staff members, sessional workers, part time or full time posts, freelance workers) you should budget these at the Living Wage. We are sensitive to circumstances where organisations feel that taking up the Living Wage could cause difficulties, in these instances we suggest you call us on 020 7582 5117 to discuss your options before applying.

The Living Wage accreditation does not require employers to pay the Living Wage to apprentices or interns although we recommend it as best practice for employers who can afford to do so. Many accredited employers have chosen to extend the requirement to apprentices and interns.

Currently the Living Wage is £7.85 per hour outside London and £9.15 in London. You can learn more about The Living Wage by clicking [here](#).

You can find out more about The Living Wage Friendly Funder Scheme by clicking [here](#).

If you think that this will prevent you from making an application please do call us to chat through as we are keen to see how we can support groups to pay The Living Wage through this pilot. Below are some FAQs about the scheme that you may find helpful, but if you have any questions then do give us a call.

What is the Living Wage?

The Living Wage is an hourly rate which is set independently and updated in November each year by The Living Wage Foundation. It is calculated according the basic cost of living in the UK. The current Living Wage for the UK is £7.85 and the London living wage is £9.15. Please note this is different to the national Living Wage announced in the budget this year.

How will paying the Living Wage affect posts?

Paying the living wage applies to all posts, including existing roles, new roles, sessional and freelance workers (it does not need to apply to apprentices but we encourage groups to pay a Living Wage).

If Comic Relief is part-funding posts, we will pay the Living Wage on the part we are funding. Further to this, if you feel you are unable to afford to pay a worker at Living Wage please do not hesitate to contact us to discuss the matter further.

Do we have to pay The Living Wage across the organisation or be an accredited Living Wage employer to apply?

You do not have to be an accredited Living Wage employer to apply for funding or pay a Living Wage to all of your staff to apply for this funding. For this pilot we ask that only the roles you are asking for funding for are paid at a Living Wage.

We may contact you to discuss your ideas. You will get a decision within 8 weeks of the deadline; therefore projects should not start until 10 weeks after the deadline date. If you are awarded a grant you will have 12 months to spend it.

Monitoring

Grantees will be required to complete an online form outlining how the grant was spent and highlighting the benefits for residents.

Monitoring and evaluating our grants enables us to better understand the impact of our grant making. It helps us to understand community need, enables us to learn from our grant making and inform future strategies, and also enables us to show donors the impact of their funding and hopefully encourage them to give more!

It should also help organisations to collect valuable information on how service users benefit from your work, what works and what doesn't, how you can make your services more effective, and also demonstrate to funders (and donors) the value of your work. Further information can be found at the Charities Evaluation Services website, www.ces-vol.org.uk.

If your application is successful, you will be required to:

- Credit support from Comic Relief and LCF on all materials related to the funded work;
- Complete your spending within 12 months;
- Complete a project review form about the project within 6 weeks of completing your grant, and no later than 14 months after receipt of grant;
- Maintain financial records for all grant spending and submit requested information to LCF, including original invoices;
- Be available for a potential monitoring visit, or visit by Comic Relief.
